

Healthy Lives, Healthy People in Derby

Derek Ward

Interim Joint Director of Public Health

NHS Derby City & Derby City Council

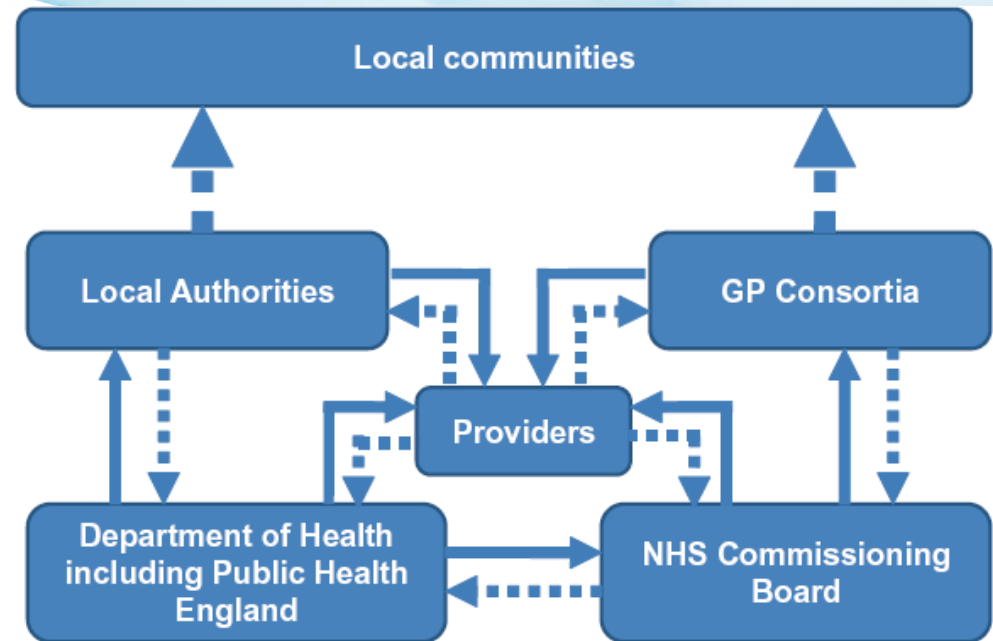

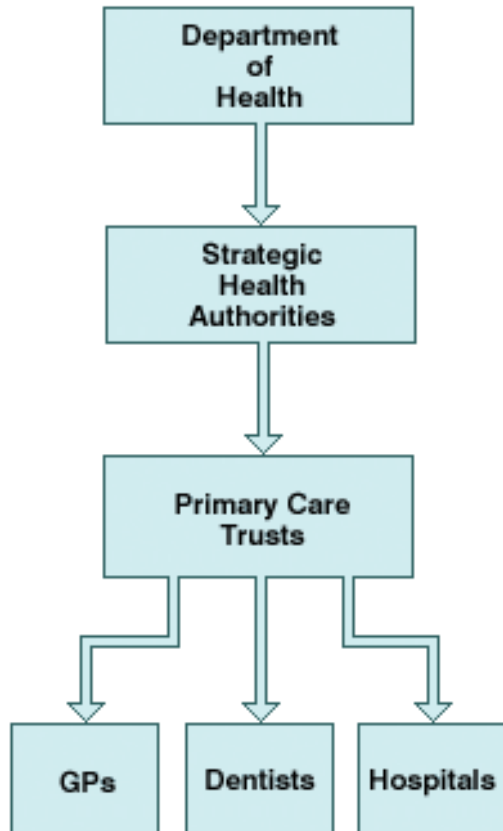

DERBY CITY COUNCIL

Current System

New System

NHS STRUCTURE IN ENGLAND

Key

- Route for funding
- Route for accountability

Healthy Lives, Healthy People Summary

- Ring-fenced public health budget – currently estimated at £4 billion.
- Proposed shift towards localism – with devolvment of responsibilities and funding.
- Transfer of health improvement functions to local government
- Creation of Public Health England

Changes to Public Health model

3 domains of public health:

- health improvement – *moves from NHS (PCT) to Local Authority*
- health protection – *moves from NHS (PCT) to Public Health England & Directors of Public Health / Local Authorities jointly*
- health services – *little clarity at this point.*

However GP Commissioners and LAs have “equal and explicit obligation” to prepare JSNA. Also Health and Wellbeing Boards prepare a Joint Health and Wellbeing strategy outlining how all commissioners can work together...

Opportunities in Derby

- Population in the City = ~ 1/4 million
- NHS Derby City annual budget = ~ £450 million
- Derby City LA budget (including schools) = ~ £372 million
- Have we got enough money in the City to meaningfully engage with Citizens and the 3rd Sector?
- But even this amount of money isn't enough...

Delivering it in Derby

- Lots of money – and haven't included Police, Fire & Rescue...
- Even more priorities – 3 outcome frameworks
- We can do anything in Derby – **but we can't do everything!**
- Roles of 3rd Sector - Strategic & Operational
- Strategic – helping to decide what we do & **what we don't**
- Operational – help to deliver

Delivering it in Derby

- Paradigm shift
- Shadow Health and Wellbeing Board vital and already set up
- Health Watch development
- Joint Strategic Needs assessment and Joint HWB Strategy
- How to meaningfully engage communities?

Challenges

- Completely new system – including for the 3rd Sector
- No roadmap!
- Majority of NHS money (circa £80bn) held by GP Commissioners – Compact compliant?
- Loss of relationships and people
- But real opportunities - Vacc & Imm, FMP...
