- I will buy at the lowest closing price
- I will buy at the best price or not at all

Quantity 1 (Per Ream of 500)

Purchase

- High performance and environmental conscience combined at a lower cost than 100% recycled options
- EP4 is made in the UK from 80% post consumer waste
- It's an excellent copy/printer paper with a high white colour, guaranteed for two sided copying, ink jet & laser printing and approved by all the major office equipment suppliers
- If high quality 100% recycled paper is beyond your budget – EP4 is a great alternative for you and the environment
- EP4 weighs 80 grammes/square metre

We are selling this product in individual wrapped reams of 500 sheets.

We made our price comparison with www.eurooffice.com and www.ukofficedirect.co.uk

- = Average retail price
- = Best price
- = Number of units
