Introduction

Following the success of our first three annual MP Guides in 2011, 2012 and 2013, this guide contains updated information on all 46 MPs covering the East Midlands following the May 2010 general election.

The guide is organised by political party and then arranged alphabetically by constituency. You will also find useful indexes by name and constituency at the back of the guide. All information is update as of May 2014.

For each MP you will find details of their political party, constituency and contact details (at Westminster and their constituency). Where available, you will also find details of their current position within parliament, their departmental contact details, the select committees that they are a member of, their broader political interests, their departmental contact details, website and Twitter feed.

For further information on individual MPs visit www.parliament.uk/mps-lords-and-offices/mps.
