

# BME Network in the East Midlands

Raising the profile of the **Black and  
Minority Ethnic** third sector

# Black and Minority Ethnic Organisations: What are your priorities for communities in the East Midlands?

The new Regional BME Network would like to invite you to join the debate.

**Why should I get involved?** Your views and experience will be used to influence key decision-makers across the region and will help to shape an informed, influential and involved BME third sector, working to raise the profile and voice of the communities you serve and work with.

Network members will receive briefings and information relevant to their areas of interest: news, opportunities, resources and policy changes which impact on the sector in the region. There will also be opportunities to attend themed events around the East Midlands each looking at a different area of interest from a BME perspective.
